

COUGAR Student Leadership

Upper Lake High School

WHAT IS ASSOCIATED STUDENT BODY LEADERSHIP?

- A **student leader** is anyone willing to take the responsibility of encouraging ownership, community, and cohesiveness among the students at Upper Lake High so that every single person feels like they belong to a special place that listens to what he, she, or they need to prepare for a positive future.
- **Student Leadership Class** is where we develop the skills and execute the actions that help us accomplish those goals, as well as tackle issues of the day that continuously improve our school, our community, and our world.
